5. Governance

The governance of the university is aligned to the mission and vision of the university. Governance standards prescribe policies and practices of the institute in the matter of planning human resources, recruitment, training, performance appraisal, financial management and the overall role of leadership in institution building.

The leadership provides clear vision and mission to the institution. The functions of the institution and its academic and administrative units are governed by the principles of participation and transparency. Formulation of development objectives, directives and guidelines with specific plans for implementation by

aligning the academic and administrative aspects improve the overall quality of the Institutional provisions.

For financial governance, there are established procedures and processes for planning and allocation of financial resources. The institute develops further strategies for mobilizing resources and ensures transparency in financial management. The income and expenditure of the institution is subjected to regular internal and external audit.

The governance system and standards of the university are periodically reviewed and revised in the light of changing stakeholders' expectations, best practices and regulatory requirements.

Library Facilities:

Dr. O.P. Bhalla Central Library

A state-of-art library rendered with rich digital resources, necessary amenities and technological support provides a huge repository of knowledge. The library opens 8:00 A.M. – 8:00 P.M. Monday to Saturday and 9:00 A.M. – 2:00 P.M. on Sundays for the physical access. The digital resources including e-books, e-journals and databases are available 24x7 through online public access catalogue portal. Students can use their allotted login credentials to access the e-resources outside the campus. The rules & regulations related to library resources are available on university website.

Lab Name	Purpose/About Lab	Software Details
Centre for Artificial Intelligence & Machine Learning and Cloud Computing	fundamental and applied research into neural systems and deep learning mechanisms, aimed at creating artificial intelligence and provides and facilitates the students to access virtual machines running on open source operating systems and applications and practical ability in cloud computing environment. The other key characteristic of this lab is its high level of engagement with other disciplines.	Open Source Software / Framework / Tools
Research, Innovation, collaboration & Engagement (RICE) Lab	This LAB is established for scientific research which is to produce reliable knowledge and work towards understanding and solving societal, technical, and environmental challenges.	1. Visual Studio 2. Rational Rose 3. TURBO C, C++ 4. JAVA 5. PROLOG

High Performance Computing lab	The High Performance Computing Lab is for both classroom instruction as well as a research use. it is used in the instruction of high performance computing, scientific computing, computer graphics, and general Linux instruction.	1. TURBO C/ C++ 2. Netbeans, Putty, 3. Linux Centos, 4. Vmware Player, 5. Andriod , Blender GIMP
Data Analytics Lab	This lab is aimed to learn advanced technologies of computer science such as Machine Learning, Artificial Intelligence, Deep Learning and Data Mining. The Lab facilitates database designing and management through dedicated tools such as Oracle, and MySQL and related computing paradigm and frameworks. Lab provides computing platform for Python, R, and OpenCV and other necessary for building unique set of ideas, fundamental of Machine Learning, Artificial Intelligence and Deep Learning models and algorithms.	1. TURBO C/ C++ 2. IBM Cognos 3. R Studio 4. Wireshark
Coding Lab	The Coding Lab provides a state of the art computing environment for the students for programming assignments and practice. The lab is installed with all important editors and languages like CodeBlock, Dev C++ which provides a dual operating system environment where the students can learn to execute C and C++ programs in all types of environments.	1. TURBO C, C++ 2. MySQL 3. Unity 4. OPEN GL 5. SCI
Full Stack Development lab	A Full-Stack Developer is a developer who works on both the front-end and back-end of a website or application. In this lab students learns to handle projects that involve databases, building user-facing websites. Students will be able to work on both sides and understand the workflow when building an application.	1. TURBO C, C++ 2. MySQL 3. PROLOG
Agile Software Engineering Lab	In this lab, students learn the specific type of development methodology that anticipates the need for flexibility and applies a level of pragmatism to the delivery of the finished product.	1. TURBO C, C++ 2. PROLOG 3. VISUAL STUDIO 10
Visualization & Graphics Lab	The Visualization and Graphics Lab serves as a facility for conducting research in the areas of scientific visualization, geometry processing, and computer graphics.	1. TURBO C, C++ 2. SAP

Chemistry Lab

- UV Visible Spectrophotometer
- Viscometer
- Water Distillation Unit
- Digital Balance
- Rotary Shaker
- Potentiometer
- Conductivity Meter
- Complete Experimental Set-ups for conduct of required lab courses for BTech Programmes
- Pensky Marten's Appartus

Physics Lab

- Hall Effect Setup (Electromagnet, Power supply for electromagnet, Gauss Meter, Power supply for Hall probe and Hall probe with semiconductor)
- Numerical Apperture setup Optical Fibre Setup (Optical Fibre, Laser source, Optical Bench)
- Laser Setup (Laser, Optical Bench, diffraction grating)
- Magnetic field from Helmholtz coil (Digital Gauss meter, Power supply, Helmholtz coil)
- B-H curve apparatus(CRO, B-H curve kit, wires of steel Iron and Cr)
- Ultrasonic waves apparatus(spectrometer, sodium lamp, quartz crystal with tank)
- Quinck's tube apparatus (electromagnets, power supply, Gauss meter, Travelling microscope, quinck tube with stand)

Computer Applications

- Hi-End Configuration 1:1 Computer Systems (PCs) in all computer labs
- All required System and Application Software
- Online UPS
- Printers
- Firewall

Design

- Hi-End Configuration 1:1 Computer Systems (PCs) in Computer Lab
- Printers
- UPS
- Plotter
- State-of-the-art Studios
- Computing Facilities
- PCs/Laptop exclusively available to students
- Laser cutting Machine
- 3D Printer
- Printers available to students

Innovation Cell

Research plays a significant role in the process of conceptual thinking, learning and innovation. Since its inception, the Institutions have been striving to achieve excellence in education and research in consonance with the contemporary and future needs of India through meaningful education, original research and leadership in technological innovation for the industrial growth of the Country. Taking the culture of research and innovation forward, team of Manav Rachna Innovation and Incubation Centre started working since 2011.

Manav Rachna Innovation and Incubation Centre (MRIIC): MRIIC encourages the spirit of knowledge-backed creativity that can translate concepts from the classroom to products of utility and implement them in a scalable manner. MRIIC is also instrumental in coordinating entrepreneurial training to develop the necessary background of industry-ready skills required for viable and feasible start-up ventures. It's a place to foster out of the box thinking for providing solutions to global challenges. Manav Rachna Innovation and Incubation Centre is also associated with a wide spectrum of Industry partners to provide best possible research opportunities for students and look forward to hearing from you all your innovation, research and entrepreneurship related queries. MRIIC encourage students to participate at national and global level forums to challenge themselves and broaden their horizon. The institution promises to imbibe a strong culture of original thinking and out-of-the-box ideas in its endeavour towards becoming one of the best incubators of research in the country.

Academic Infrastructure <https://mriirs.edu.in/academic-infrastructure/>

- In order to ensure maximum comfort and smooth learning, all the classrooms, tutorial rooms, seminar halls and most of the labs are provided comfortable seating with AC facility.
- The campus has divyangjan friendly, barrier free environment. There are Ramps, Lifts, tactile path, Divyangjan friendly washrooms lights, display board, sign posts, accessible website, screen- reading software, reader, scribe, soft copies of reading material.
- The university has its own clinic to take up the medical emergencies and 24x7 ambulance services to take care of the urgencies. The university has tied up with Asian Multispecialty and Sarvodaya Hospitals for critical cases. The well-equipped ambulances stationed at the campus ensure that no time is lost in case of emergencies. In addition to this, there is provision of Dental, Physiotherapy and Nutrition counselling OPD in campus. Pharmacy is also available within the campus.
- The complete campus is monitored through CCTV cameras, which keep a vigil over the campus in addition to a large number of security personnel.
- The campus also has a branch of Punjab National Bank along with PNB ATM.
- The campus has a variety of food courts, cafeteria with high culinary offerings. A couple of them are ventures of students from food and Nutrition and hotel management student entrepreneurs.
- In addition to this, most of the buildings have self-service-based kiosks/ dispensers for potato-chips, chocolates or refreshing drinks etc.
- Stationary shop is available within the campus to meet the day-to-day requirement of students.
- Parking space in the campus for two and four-wheeler.
- Robust security system to maintain the discipline in the campus.

- Drinking water is available in all blocks all around the campus. Maintenance of the water facilities are done regularly.
- Facility for learning foreign languages with certification.

Sports facilities at MRIIRS are also an integral part of the ethos of university with the philosophy that the participation in sports is an effective way of channelizing the energy of youth in constructive way while imbibing higher moral & ethical values, spirit of comradeship and desire to excel in any field chosen by the student. The main aim is to produce young men & women to play with good sportsmanship and to become competitive every time they step in any phase of their life. MRIIRS has generous resources for sports, cultural activities leading to overall development of students in the campus in addition to the academic infrastructure and resources including Cricket Ground, Volleyball courts, Basketball Courts, Soccer Ground, Indoor Sports Arena, Indoor Gymnasium, Shooting Range, and Squash court. Details are given as under:

- **Cricket Ground-** The cricket ground in campus is 40×40m long green ground equipped with flood lights and has 2 well maintained turf pitches of international standard.

STUDENT SERVICES & LEARNING RESOURCES

Corporate relations and Career Development Centre

MRIIRS is committed to develop the young minds of today into humanistic, efficient and bright leaders of tomorrow. **Corporate Relations & Career Development Centre** at Manav Rachna brings reputed organisations on board to provide career opportunities to our students. We have a very strong Career Management team which through its Career Skills wing, has curated a robust learning ecosystem that strives to bolster the cognitive and non-cognitive acumen of students and make them placement-ready. The interventions of Verbal Ability Training, Aptitude Training, Soft Skills Training, and Technical Training (VAST) nurture and augment the competencies of the students. It empowers its students to undertake cutting- edge and industry-relevant courses offered by LinkedIn Learning, thereby enhancing their learning experience. It also offers the Employability Helpdesk, wherein students get placement-related assistance as well as a company-specific employability guide, before every placement drive. To make students job-ready, the team evaluates students' performances and enhances employability through assessment partner AMCAT (SHL). The Career Management Team through its Career Advancement Wing offers career counseling, assistance for test preparation, guidance for profile building, and mentorship for higher education opportunities globally for students across all schools and universities.

Vertical Student Mentoring System

Manav Rachna International Institute of Research and Studies have vertical mentoring system throughout the university that allows the teacher to focus on the key groups of the students. There will be a vertical faculty Mentor for a group of 20-25 students/mentees. Faculty Mentors regularly meet students to solve their problems, track their progress in academics, co-curricular activities, personality development, communication skills, career counselling, holistic development, life skills and interpersonal relationships. Each vertical mentor group include random students from each batch of a particular programme for two stage mentoring- first is mentoring mentor to vertical mentees and second is peer mentoring (mentoring by senior students). This helps in developing responsibility specific and leadership skills among senior batch students by sharing their personal and professional experiences including course related guidance, internship related guidance, project assistance, preparation towards placement guidance and many more with junior batch students in a vertical mentor-mentee group. Moreover, with peer group vertical mentoring, the senior students take responsibility for induction of junior students and positive relationship gets flourished between them.

Student Grievance Redressal

University is focused to the well-being, safety, security and his/her upbringing without any hassles. Thus, to make the environment student friendly there is Student Grievance Redressal Committee (SGRC) whereby students can lodge their complaints either at department level or they can escalate their grievances at university level through the faculty/ Student representatives. The student can approach in person or through the digital platform i.e., Education Management System (EMS).

Student Council

To ensure the participation in the decision making especially for organizing any student related activities in the campus or outside campus and for upliftment of the student community, there is a provision of student's council in the university.

The objective of the Student Council shall be to enhance student's involvement in different activities of the university and to provide a sustainable and viable platform for voicing their thoughts. Student Council at MRIIRS is formed through a defined selection process. The students based on outstanding performance in Sports, Cultural Activities and Academics are nominated from various departments. The final selection of the members for Student Council is notified from the office of Registrar after approval from Vice Chancellor. The members of Student Council can also be also a part of various academic and administrative bodies like IQAC, Department Academic Committee and Students Grievance Redressal Committee etc. The Council also provides the students an excellent opportunity to develop leadership by organizing and executing different activities including extension activities. In addition to planning and organizing events that contribute to the University ethos and community welfare, the Student Council is the true representative and spokesperson of the student community.

Student Welfare Office

MRIIRS lay special emphasis on Extra / Co-Curricular Activities which is taken care by Students Welfare office that serves as a liaison between students and administration. Student welfare office is in 'F' Block Basement. It endeavours to develop the personality of the student in all spheres of life which it undertakes through various student-oriented programmes. It aims at promoting extra-curricular and developmental activities among students by identifying talented and interested students in the areas of Music, Dance, Literature, Fashion, Arts, Social Responsibility, Theatre, Photography, Health etc. and thereafter, nurturing their individual talent and giving them a supportive environment to plan and execute various activities in the said areas, thus making a major contribution towards their holistic development. A large number of workshops and courses like, Youth Leadership Training Camps, Value-based Spiritual Course, Personality Development Camp, Youth Parliament, Students Talent Hunt, Documentary, Literary, Photography, Festivals celebration, Treasure Hunt, Talent Competitions for Faculty and Staff, Film and Book reviews, Debates and Declamations, Folk Dance competitions, etc. are being organized every year. Annual Cultural Fest RESURRECTION consisting of many events of Music, Dance, Theatre, Literary, Fine Arts and Fashion is also organized during an academic session which aims in promoting rich culture and heritage of the country based on different folk dance and singing competitions of different states.

FEEDBACK MECHANISM

The Institution is committed to continuous improvement in Quality in every aspect of its functioning. This is ensured through well-defined online feedback system. Student feedback on quality of Curricula, teaching learning facilities, generic facilities and course delivery is collated online through EMS. Feedback is analysed and action to be taken report (ATTR) is compiled at the University level by Feedback committee and then action taken report (ATR) is presented before the Internal quality Insurance cell (IQAC) and Board of Management for its final perusal and further directions as per the mechanism depicted below:

Academic Time table and lesson plans for all courses are also uploaded on EMS as per the dates notified in Academic Calendar.
